

Gifts of Retirement Assets

EIN - 04-2618038

Overview:

Naming The English High School Association of Boston (EHSA) as a full or partial beneficiary of a retirement plan is an easy way to make a significant gift. Also, because retirement plans are subject to significant income taxes in the hands of individual heirs, directing all or some of such plans to a charitable organization such as EHSA, which is *not* obligated to pay income taxes, is **highly tax efficient**.

BENEFITS include:

- Ability to support The English High School Association of Boston without depleting current income or assets
- Flexibility to alter amount or percentage if you wish, simply by completing a new form
- Allowing you to continue to make withdrawals from your plan during your lifetime
- Potential estate tax savings, at either or both the federal and state level(s)
- Income tax avoidance on the portion of your IRA distributed to EHSA
- Reduction of executor administrative burden, as funds are directed to EHSA by your plan administrator

WHO should consider naming EHSA as a beneficiary of a retirement plan?

- Anyone who has a retirement plan (such as an IRA, a 401(k), a 403(b) or a private pension)

HOW do I name EHSA as the beneficiary of my IRA/retirement plan?

You can download a beneficiary designation from your retirement plan provider's website or call your provider to request that one be sent to you. Fill out the form according to the amount or percentage that you wish to direct to EHSA, share a completed, signed copy with your plan provider and with the EHSA office. It is also a good idea to keep a copy with your other estate planning documents.

The plan administrator often needs the following information to complete the designation paperwork:

Name of Charity: **The English High School Association of Boston**

Federal tax ID number: **04-2618038**

Address: **980 Washington Street, Suite 200, Dedham, MA 02026**
